From Ms. Grams at St. Sebastian School

November 2017

Dear St. Sebastian & St Coletta School Families,

On behalf of St. Sebastian Parish, I wanted to personally communicate information to you regarding work needing to be addressed on the exterior of one of our parish buildings. I also want to share the measures being taken leading up to that time as an added precaution to ensure the safety of all.

It has been deemed that the exterior of the east gym wall needs attention, which will be addressed in the spring of 2018. Structural engineers have assessed this as an appropriate timeline and will work to repair this over spring break. In the meantime, a fenced barrier is being placed around the impacted area as an added precaution. There is no immediate danger; however, we would rather err on the side of caution in not using this area all together leading up to it's repair.

This fenced-off area will mean that the east doors used for both St. Coletta's main entrance / exit and our 3rd-5th grade students will not be used until the wall is repaired properly in spring. It will, however, still exist as an emergency exit if need be. To this end, please do not walk into the fenced area or allow your children to at any time.

Know that we are committed, as always, to ensuring the safety of all in the community as well as communication throughout the process. Should you have any questions, please contact Ms. Carole Poth from the parish at [414-453-1061, ext. 126](tel:414-453-1061).

Thank you and God bless,

Ms. Heather Grams
